Dear Mr Wilson,

Thank you for your email below. I note your comments.

As mentioned in my letter to you the modifications are for the purpose of ensuring accuracy and consistency and to address some concerns raised by landowners.

I would also clarify that there is no increase in the land required for the scheme. The modifications to CPO are intended to reduce the land required for the scheme.

You mentioned surplus land and ransom strips, I would explain that matters remain the same in this respect since discussions took place between your agent and the Council's agent.

Should you require any further information then please do not hesitate to contact me.

Regards

I note your latest letter which I interpret to say that after 2 years you are confirming 64 items of change and correction.

I find this amazing and I do not know whether to agree or not agree. How do I know what all the items actually mean?

Frankly it unfair and really quite ridiculous . All I want to know is that you are not taking too much land permanently and any surplus will be returned and any land needed for compounds will be merely rented.

Finally you are not creating any ransom position.

Has our agent been informed.?

David Wilson
